

INGLÉS 8° BÁSICO

SOLUCIONARIO GUÍA DE APRENDIZAJE REMOTO N°2

I Instrucciones:

1. A continuación se incluyen las respuestas correctas de la guía N°2
2. Revisa el trabajo que has realizado para saber cómo vas en tu proceso de aprendizaje
3. Si tienes dudas puedes escribirme a misslissettecolegioanglomaipu@gmail.com

I. Answer the questions about Florence Nightingale.

1. The Nightingale family had two houses, where were those houses?
Her family had two houses one in Derbyshire and the other in Hampshire
2. How was Florence's education different from yours?
Her father taught her, because at that time girls could not go to school.

3. How did Florence's parents feel about her becoming a nurse?
They were very cross (angry) about her becoming a nurse.

4. Why did Florence's mother say she "might as well be a kitchen maid"?
Because at that time, it was a shame for the families that girls wanted to study and work
5. Describe the hospital.
The hospital was dark and filthy (dirty)
6. Why didn't the soldiers recover from their injuries?
Soldier did not recover because everything was dirty. There was hardly any clean water, no medicines, no bandages, no soap or towels.
7. How did Florence help the soldiers?
She help the soldier by cleaning and making them healthy meals. Then she bought new sheets and clothes
8. Why do you think the doctors and army officers didn't want Florence to help?
Because she was a woman and woman were not allowed to study or work at that time.
9. Why was Florence called 'the lady with the lamp'?
Because every night she visited all the soldiers with a lamp in her hands to say goodnight

10. Later on in her life Florence received a medal for her work. Why do you think she was given this medal?

Because she saved the lives of many soldiers and help them in the battlefield.

I. Organize the information of the text you read.

MARIE CURIE: GRAPHIC ORGANIZER

Location:

France

Time Period

1867-1934

Branch of Science:

Physics and Chemistry

Best Known For:

known for her work in the radioactive elements radium and polonium.

How did this scientist change the world for the better?

- She proved the existence of radium
- She helped to create portable x-ray units
- She participated in World war I helping soldiers in the battle field with her petit curies

This Scientist's Work Led to What Other Breakthroughs?

- Led to the creation of fluoroscopy machines
- Led to other x-ray units
